Security Or Depression Soldier Asks Of Future

Mr. and Mrs. David Moulds, Newmarket, have received an interesting letter from their son, Cpl. Ivan Moulds, who is with the Canadian army overseas. The letter reads in part:

"Things are quiet and peaceful here. I guess I haven't written to you for quite a while but there is nothing to write about. All I can say is that I'm well and expect to stay that way and that I don't mind having too bad a time of it over here I'd far rather be home and that is no kidding. If I could only get home to see you once in a while it wouldn't be too bad."

"Often I look around me and see boys that haven't seen home for three and four and some of them for five and six years. Why I think of how they have practically forgotten what it was like over there and yet as I look around me and see how, despite how anxious they are to go and how happy they would be if they could go they are determined to stay until this is cleared up once and for all; it makes me proud to be with them, even if they are a working unit and not a combat unit."

"Sometimes as I read your letters telling me about the boys that have been killed from home and that I'll never see again, I feel so helpless and useless, just sitting here while my chums are out there where I should be, and yet I don't know what use I could be as I know I could never stand the gas—not for long anyway. It all seems so real here—thousands of men over here trying to do their best for their country. What are the ones that go back going to see? It's just going to be like a morgue. They'll walk down the streets and won't see any of their friends. It will all be so strange to them. They won't recognize their own home towns. Their children will have grown almost beyond recognition. Some who have never seen their father will not know what to make of him and will be shy and scared of him. Many men are spending the prime of their lives over here and have given up good jobs at which they were earning rapid promotion, to come to do or die for their country. Their jobs have been promised to them, but will they get them when they go home? Is it going to be the paradise they are painting, with free medical care and good jobs and good opportunities for all or is it going to be the same as the last war with a depression and the soup kitchens and the man who is today's hero, tomorrow's bum?"

"I don't know how I got started in this blue soliloquy. Sometimes when I get sitting quietly with nothing to do these thoughts travel through my mind. Of one thing I am certain, it cannot be the same as it was before the war."

"Well, yesterday was the day everybody the world over has been waiting for, and you people back home may certainly be proud of the part the Canadian boys will be playing, as time and time again when the going was the hardest in Italy they proved themselves superior to the enemy, and we may all feel sure that the same will occur in France."

"As I write this letter, the sky is full of our aircraft. One could never imagine that there could be so many planes. It is something that you have to see to really enjoy."

"The cigarettes arrived tonight all safe and sound and greatly appreciated." Cfn. Harold Evans writes the Veterans in a card dated June 8. "There is lots of daylight now and lots of excitement."

"The air force sure is going over and doing a great job from all reports coming back."

"We are having a very good time but it is cold all the time." LAC Ralph Denne writes the Veterans on June 5. "We have only had two hot days since we arrived but will get used to it in time, I hope. We are seeing a lot of England and Scotland as we are travelling a lot of the time entertaining the R.C.A.F. personnel."

Cards of appreciation have been received from Pte. G. A. Gardner, Pte. D. Edwards, Pte. A. J. Palmer, Pte. Wm. G. Shropshire, P.O. George Phinister, Pte. J. D. Attwell, Pte. J. S. Codlin and Sgt. Eugene Burrows.

Nephew Of C. F. Willis Cited For Leadership

Masterly leadership and determination in pressing home his attack were credited Wing Commander C. F. Willis, Sherbrooke, Que., nephew of C. F. Willis, Mrs. Wilfred Travis and Mrs. Roy Watson, Newmarket, in a recent R.C.A.F. press release. Wing Commander Willis is now a prisoner of war.

The release referred to an attack on a German convoy off Norway which was led by Wing Commander Willis. The success of the attack is attributed in the release to his leadership. He disposed his craft for the attack on the convoy in such a way as to cause most damage to the enemy. His plane was first to attack in the face of heavy enemy fire. He was not heard of after the attack until named prisoner of war.

Puffs Vets' Cigarettes While Pasting Jerry

"Once again it is my pleasure to drop a line thanking the Vets for another gift of cigarettes, and as always they were very easy to take," writes L-Cpl. Douglas C. Bennett to the Newmarket Veterans' Soldiers' Comforts fund.

"Well, yesterday was the day everybody the world over has been waiting for, and you people back home may certainly be proud of the part the Canadian boys will be playing, as time and time again when the going was the hardest in Italy they proved themselves superior to the enemy, and we may all feel sure that the same will occur in France."

PLASMA SAVES BOB McELROY

(By Mrs. G. E. Case, Newmarket Red Cross Society)

York county boys are in the firing line in Normandy and in Italy, and word has come from several testifying to the wonderful life-restoring value of blood plasma.

Bob McElroy, brought in to a dressing station after lying seriously wounded on the field, was at once given blood plasma and is now in England on his way home. Many others will come home because supplies of plasma were available when needed.

It is one of the first and greatest duties of civilians to contribute to the blood plasma bank. The travelling clinic visits Newmarket Aug. 11 and offers a chance to every healthy Canadian, 18 to 60 years old, to help bring our boys home, after being wounded fighting for us.

Phone 250 or register at the town clerk's office for an appointment for Aug. 11.

BUSY DUCKING DOODLE BOMBS, SAYS SOLDIER

"Many thanks for the cigarettes," L-Cpl. Jack Gubraith writes in a letter of appreciation to the Newmarket Veterans' Soldiers' Comforts fund. "They arrived in good condition at a very appropriate time."

"I hope all in the old home town are satisfied with the news these days. I sure would like to have Christmas dinner that neck of the woods. Over here we are ducking the doodle bombs all day and all night with the skill one obtains through practice. The only thing the Germans are accomplishing with the pecky things is making a lot of people homeless and every-one mad at those who are responsible for the blasted things."

"Still, in the last war, Jerry had a last kick-off by shelling Paris with Big Bertha so maybe these things mean that he is at the end of his rope again. The only difference between now and the last war is that this time he will wind up at the end of a rope physically as well as theoretically. Haven't seen any of the Newmarket boys in a long time but shall probably run into some of them when leave starts again."

Cards of appreciation have been received by the Veterans from Rfn. M. F. Wesley, S.O. Elizabeth Hewson, Sgt.-Pilot Howard Hamilton, A.B. E. D. Dennis, LAC Alfred Ainsworth, Sgt. Albert Lindbaum, LAC J. E. Morrow, Sgt. E. J. Burke, Rfn. G. T. Blencowe, Tpr. Art. Sheridan, Cfn. George D. Tomlinson, Q.M.S. J. R. Enstace, L-Cpl. Charles Gordon, Cfn. Harold Evans, Pte. J. D. Cullen, Spr. E. G. Thompson, L-Cpl. L. S. Rowland, Pte. N. L. Park, Lieut. G. R. Foster, Pte. W. S. Joyce and Sgt. Victor Bridges.

Newmarket Boys Have Reunion On Italian Front

"Just a few lines to let you know that I am safe and well and enjoying myself as much as one can under the circumstances," Pte. Harold Sanderson writes in a letter to the Newmarket Veterans' Soldiers' Comforts fund. "However, I have really been enjoying myself much more than at any time since I left good old Canada, due to the fact that I have been having some grand old reunions with quite a few of the town fellows."

"We have been having some grand old chin-wags together, also looking at one another's photographs. Some of our sessions have been something to a fellow to see boys from the old home town that you haven't seen for a long while."

"I've seen Jigger (Lloyd) Gilkes, Reg. Corbett, Jim Blencowe, Charlie Harris, Jim O'Halloran, Donald Clarkson, and Joe Gardner whizzing by on a motorcycle. That is not bad for one reunion. I was very fortunate in being situated in an area that was pretty well centrally located. We are lucky in having the reunion who we did as I have had another move that has taken me into another area."

"There are still quite a few more fellows over here but I don't know what outfits they are in. I sure would appreciate the full address of any Newmarket fellow who is over here in Italy. I promise to make a supreme effort to try and see them."

"Well folks, things are going along swell over here now. Jerry has really taken a powder. So long for this time and start hanging out those flags, because it won't be long now."

"Once again I wish to thank you for the cigarettes. I have just received from you," writes Sgt. Grant Crowder. "This makes the second lot in two weeks that I have received since I arrived in Normandy on D-day. I see by the town paper, which I receive through the good will of the old home town, that you are kept pretty busy in order to get funds to keep up your splendid work and keep the boys over here supplied and happy."

"Once again the pleasure of writing to thank you for smokes is

"I don't think it will be too long till we will all be back in the old town to stay," writes Stewart Den Blair to the Veterans. "I want to express my sincere gratitude and thanks for the cigarettes you sent me."

"I hope to visit a few places of interest in Scotland. The weather here isn't as nice as we Canadians are used to for this time of year. Hope it is nice over there. Our progress in France is very commendable. Let's hope it will keep that way. Jerry is still very obnoxious but not very dangerous. It is hard to realize that we are fighting the same enemy as the Jerry of 1939-40."

CARNIVAL GIVES JOY, ENABLES GOOD WORKS

Army, R.C.A.F. To Grant Leaves For Harvest Aid

An answer to the resolution requesting soldier help for the farmers is seen in press reports of orders received by the R.C.A.F. and army units, stationed in the dominion, to release men wherever possible for emergency labor in the fields and other essential industries. A request for such aid by York county, and which was endorsed by 36 other counties, was sent to Ottawa a few weeks ago. Agricultural Representative W. M. Cockburn was one of the delegation to meet with cabinet ministers on the issue.

Orders received by the R.C.A.F. are quoted as follows: "The policy in respect to the granting of harvest leaves has been extended to include personnel who may desire to work on farms other than their own or that of their parents. This applies to all personnel, including air crew, awaiting training, but not personnel actually undergoing training."

"Applications will be given favorable consideration provided granting of such leave will not interfere with the efficient operation of the unit."

Press reports say further that soldiers stationed in Canada may now accept part-time work in essential industries, providing it doesn't interfere with their military duties, and that word to the effect has been received at district headquarters from Ottawa.

SERVICE STATION ENTERED

HEAVY DEMAND SEEN FOR POST-WAR AUTOS

A need in Canada and the United States for 40,000,000 automobiles in the first year after the war is the forecast of Tom Birrell, car dealer here. "In that first year, however, the combined automobile manufacturers will be able to produce only 2,500,000 cars. They will go to those who need them most," Mr. Birrell said.

"Cars will appear only gradually on the market," Mr. Birrell stated. "There is a demand for cars sufficient to keep the manufacturers working full blast for the next ten years."

Toronto Man Drowns Near Elmhurst Beach

Reginald Cullins, 30, Toronto, was drowned Tuesday 100 feet off shore near Elmhurst Beach. It is believed he stepped into a hole. The body was sighted by Norman Alexander, who, assisted by Gerald Linton, brought it ashore and applied artificial respiration for nearly an hour. Dr. W. J. Laurie of Keswick reported the man dead when he arrived on the scene. Coroner Dr. L. W. Dales, Newmarket, investigated.

Soon Be Back To Stay Thinks Newmarket Tar

"Today I received 300 cigarettes," writes Pte. J. F. West to the Newmarket Veterans' Soldiers' Comforts fund. "I very well know your members of the fund being overseas men can realize just how much we appreciate receiving cigarettes from you folks at home."

"I have just spent five weeks in Leeds and our mail has chased us all over the country. All leaves here at the present time are cancelled."

"I don't think it will be too long till we will all be back in the old town to stay," writes Stewart Den Blair to the Veterans. "I want to express my sincere gratitude and thanks for the cigarettes you sent me."

"You gentlemen of the last war must certainly realize just how much we fellows appreciate Canadian cigarettes," writes L-Cpl. Glanister W. Graves to the Veterans. "English cigarettes are expensive when you can get them, and of a very inferior quality, so we really appreciate ones from home."

"We are having a pretty fair time over here and our mail has been coming from home quite well."

Cards have been received by the Veterans from Pte. C. H. Wright, Pte. V. D. Mosier and Pte. Roy Bennett.

"Most of our extra 'Farm Commando' help for the Newmarket district so far has come from the men at the Newmarket training centre," stated Agricultural Representative W. M. Cockburn today. "So far the boys at the camp have taken care of all requests for evening help and a few odd-day workers," he continued.

"From now on it is expected there will be a greater demand for help of this kind to stook and haul grain, and as pointed out in an advertisement appearing elsewhere in this issue, everyone is urged to give as much of their spare time as possible to help local farmers for a day, half-day, or evenings."

"Many local farmers have already expressed their gratitude for the help from the camp for having. Col. Young, his staff and camp personnel, are to be commended for this excellent assistance being offered. Any farmer wishing help of this kind should phone the agriculture office at 178 before 10 a.m. of the day help is required in order to give the staff time to arrange the required number of Commandos."

HAVE DONE WITH IT

For their gall, we print the final paragraphs of a report, disguised as a news story, of the removal of J. C. Landry, Social Credit candidate, from a C.C.F. meeting in Lethbridge, Alberta, last Thursday. The report is contained in the Ottawa news letter issued by the National Liberal Federation of Canada. M. J. Coldwell, C.C.F. leader, was principal speaker at the meeting.

After saying that "parliamentary corridors are buzzing with excitement and concern," the news letter continues:

"The incident is regarded all the more seriously in the national political circles because it was apparently upon Mr. Coldwell's own orders that the opposing candidate was set upon and brutally ejected from the meeting. The C.C.F. leader had charged that Norman Jacques, Social Credit member of the House of Commons, had recently declared that Canadian finance is controlled by Jews."

"If you are saying that the Social Credit party is against Jews or attacking firms, you are a liar," Mr. Landry told the C.C.F. leader. Mr. Coldwell gave the opposing candidate five seconds to apologize or be removed from the hall. At the end of that time four ushers pounced upon Mr. Landry, pushed him until he bled, and forcibly put him out.

"This excessive use of force in the presence of Mr. Coldwell against a man who is a candidate for election has stirred apprehension and bitter feeling at Ottawa. Many have long contended that the C.C.F. would have to resort to force to put its socialist program into effect and were prepared to do so."

"H. E. Witch, C.C.F. leader in British Columbia, shocked national feeling when he said the police or army would be used to deal with persons refusing to obey a C.C.F. government. The latest outbreak of personal attack, apparently commenced by the C.C.F. national leader, has strengthened the contention that the C.C.F. plan involved administration to enforce state socialism if they ever gain national control."

A report like the above, issued with the evident approval of a party supposedly serving the nation, is unforgivable for its false logic and artificial coloring. To expect the Canadian people to swallow the implication that a specific act of violence indicates wholesale violence or to accept clever wording for plain facts is a rank

SOCIETY SAID WASTING COUNTRY'S RESOURCES

The following is an excerpt from a paper delivered before a W.E. meeting by Mrs. Elton Armstrong, Armistice. The paper was entitled Reconstruction.

By Mrs. Elton Armstrong
The existing social order tends to recklessness and sacrifice in the treatment of our natural resources. Everybody is aware how our natural resources have been recklessly squandered. From the fur monopoly of the old regime, through the land grant scandals of the Loyalists' days, to the Hydro electric "deals" of our own time there has been a reckless wastage of our natural resources because conservation doesn't show immediate profit.

Those who have suffered most from this are the farmers because farming is the one business in Canada where the producer has no control of the price of his products and the consumer no say in the price of the things he must buy.

Man cannot live by bread alone, but he cannot even exist on money values. The production of useful goods in the largest possible quantities ought to be one of the primary ends of economic activity and the efforts to maintain a system of prices which blocks production ought to be unhesitatingly condemned. The consequences to agriculture of following the socially desirable policy have been shown. Both the steam railway industry and manufacturing industry followed policies of restriction.

In the former, freight rates have been kept up and employment allowed to fall; in the latter prices have, with relatively unimportant exceptions, been maintained and unemployment allowed to vary. The attractions of this policy for industry are obvious.

In short, unplanned exploitation of the renewable natural resources of Ontario has gravely reduced their productivity and has established a progressive degradation which will end in sterility, unless control measures are adopted. The ultimate basis of any society is its natural resources. Wasting of land is like eating up principal or destroying capital, with its attendant loss of income.

How many farmers in Ontario pay income tax?
The loss of purchasing power not only means curtailment of industrial production with its consequent unemployment, it also brings a lowering of the standard of living and that means inadequate nourishment, poor health, improper education.

The inevitable effect of such conditions has been the breakdown of community life due to loss of morale, of ambition and interest, of strength and energy. It costs a little something to have a social good time. You can't do that if you have no money. You can't go to church either. So you just drop out of circulation; you cease to live, but continue to exist; you get sick but you can't go to a doctor.

There are some of the manifestations of what is called "The Rural Problem." You cannot hope to have a plan for agriculture that will be successful unless it is part of a planned society. Planned agriculture must be part of a planned national economy.

GARDEN BEAUTIES

BY GOLDEN GLOW

One of the most enjoyable outings of the Newmarket Horticultural Society was that of last Friday evening when our branch was invited to join with the Aurora branch to visit the beautiful garden of Mrs. Nicol, and afterwards to take part in the Horticultural meeting.

Mrs. Nicol's home is on Yonge St. between Sir Wm. Mulock's summer home and St. John's-on-the-Hill, where the sisters of St. John the Divine have a country home. Before I write another word I want to explain that I am not reporting the meeting officially—it is the beautiful surroundings of Mrs. Nicol's home that I want to make the subject of this article.

The magnificent trees as you come along the winding driveway to that wonderful home set well back from the highway—a home that has been in the Nicol family for over a century, and what a home! Deep verandahs, spacious rooms with huge fireplaces, a home filled with the most wonderful things—things money cannot buy—like the delightful needlepoint embroidered chair-covers, for instance. Our kind hostess took us for a tour of her garden, and we marvelled at the extent of it. The grass of the many lawns was like velvet, the flowers in the flower-beds and windows were at their best, and the vegetable garden was the envy of all beholders!

But the wonderful trees and the grand view across the west where the sun, rallying to the occasion, went down in a blaze of glory. How can I ever do justice to the picture it all made. The grape arbor was a picture in itself, and as you came through it from the north and were again in the open, there was the beautiful scenery to the south, with hills and valleys, and sheep and lambs making it a perfect pastoral. War and all its horrors seemed far, far away in that quiet, rural bit of Canada—it was like a benediction and I am sure we all felt it.

As we started on our delightful tour of the gardens, we passed a huge tree and hanging from it was a tremendous plowshare, used as a dinner-gong in the old days. Naturally we had to try it, and the effect was quite musical and pleasant. I just could imagine the men working in the far fields of that farm welcoming that sound, which meant roast beef, new potatoes and green peas and carrots, golden beans, topped off with green apple pie, smothered in cream.

I can't begin to describe all the wonderful flowers Mrs. Nicol has in bloom—even balsams and many flowers we rarely see till later in the season.

THE COMMON ROUND

By Isabel Inglis Colville

LOST

Have you ever felt when travelling like putting up a sign, "lost—a road," anyone knowing its whereabouts kindly communicate, etc?"

It happened to us twice—once between Brockville and Smith's Falls, once between Brockville and Christy's Lake, which seems silly, but 23 years are bound to make great differences.

Familiar landmarks disappear, highways make roads look entirely different, but frankly, it was a great deal our own fault, for we couldn't take our eyes off the St. Lawrence once we'd caught sight of it and drove right through to Prescott before we remembered the Perth road from Brockville.

However, we had the experience of following a cloud burst. When we got to Prescott the water on the highway was up to the running-board and the children were all out in their bathing suits, waiting to be splashed.

Then, suddenly, the sun came out and touched every ripple on that mighty river with a crest of gold, and we were glad we HAD just driven on thoughtlessly, for nature was in one of her prodigious moods that day and touched everything with her magic wand.

Then once more we were on the right road and travelling over ground familiar to me from childhood, for I had driven from Brockville to Smith's Falls with my father, a horse being the motive power. But when we left Perth for Christy's, I retired from public life, for confusion overwhelmed me.

"The county home," said I, "should be right on our left, and it's away beyond those tracks, and WE'RE on a paved highway!"

"Remember the difference 26 years make," said the other half of the family, comfortably.

"Twenty-six years or not, this doesn't look like the road," I informed him as we came to Bathurst station. "We never passed Bathurst station, never!"

"Maybe I'd better inquire," said he, for rain threatened and evening shadows were creeping

up on us. So inquire he did, to find we should have taken the other arm of the "Y," but also that we could take a cross-road and turn here and there—

Said friend husband to me, "Do you remember those directions?" And I, with inward quakings said, "I think so." So we bumped over a remarkably bumpy road and came out at a cheese factory which was to be our guide and whose existence we suspected long before sight revealed reality.

Here we took the turn we thought we had been told to take and bumped cheerfully along a road which, to me at least, grew more and more strange, while ahead of us black clouds lowered and no glimpse of the lake rewarded our seeking eyes.

"Do you see ANYTHING which looks familiar?" demanded the other half of the family, as we turned a particularly sharp corner and ran over a boulder which looked like a mountain.

"In fact," I assured him, "I'm sure we are going farther from the lake every foot we drive." "Cheerful!" said he, grimly. "All I can see for it is to sit here, and when we begin to starve, take out the roast of beef we're taking to the lake and each gnaw an end of it."

As we contemplated this pleasant vision, a man appeared amid the desolation and we asked where we were.

"Go back to the cheese factory, said he, "turn left and keep straight on, and you'll land smack on the lake." So, chastened in spirit, but the roast still intact, we did as we were told and found a deputation of anxious friends awaiting us.

By this time the rain was coming down in torrents, but what cared we—a good supper and a happy reunion awaited. And when after supper the sky cleared and the men went off to fish, we sat and lived our old days, and spoke softly of those who once made us all welcome there, but who had gone to a beauty we could not know, but only dream of.

MORE ON BIRCHARDS

(By J. M. WALTON)

Research in the British archives reveals that the first Birchard came to America by the good ship, True Love, landing in Boston in 1635. The family, raised in Sussex, embarked at London for their voyage to America. The founder of the family in America was Thomas Birchard. He was made a Freeman of Boston in 1637. They later moved to Hartford and were among the first land owners. His son, John, settled in Norwich, Connecticut, and the home still stands in the centre of the town.

Elisha Birchard was a Presbyterian and moved into Vermont. The family became Quakers in that state. They were driven out of Vermont by persecution and three brothers, Samuel, Rufus and Israel, migrated to Mount Albert.

The Birchard descendants have recently discovered documentary and other data concerning the family and made several corrections in the family history.

It is interesting to know that a son of Walter Birchard, chemist in a paper concern at Edmundston, New Brunswick, will be entered at St. Andrew's College, Aurora, this fall. Walter was educated at Aurora and his father, William Birchard, was one of the first proprietors of the Aurora Electric Light Company in Aurora.

And she cares for her flowers herself, which fact may account for the wealth of bloom in her garden. Did you ever hear of the "Order of the Green Thumb?" It is a society of flower lovers who have exceptional luck with everything they touch. I feel sure Mrs. Nicol must belong.

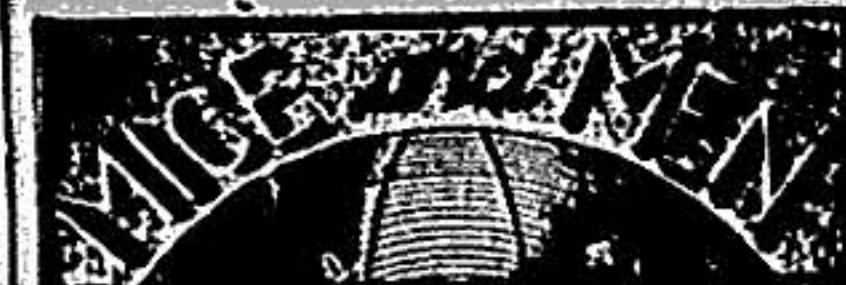

As you come round towards the side of the house you look down into quite a ravine towards the north-east, where again you see lofty trees that have never known the axe, and the magnificent evergreens surrounding the house are unexcelled anywhere.

It was indeed a privilege, and again I say a deep heartfelt Thank You to Mrs. Nicol. As it grew darker we went indoors for the meeting, but before we went in we were entertained by the Aurora Horticultural trio whose music sounded particularly inviting amid such pleasant surroundings.

And if Mrs. Nicol's home was delightful, what can I say for the entrancing tea-table, when lunch time arrived, and our charming hostess? It was indeed a highlight both for Aurora and Newmarket Horticultural Societies.

Son—"Daddy dear, what is an actor?"

Daddy—"An actor? My son, an actor is a man who can walk to the side of a stage, peer into the wings filled with theatrical props, dirt and dust, other actors, stage-hands, old clothes and other clatter, and say: 'What a lovely view there is from this window!'"

A WARNING SIGNAL

Prime Minister Winston Churchill stated last week that "the war may end sooner than we can say."

Goering has been appointed by Hitler to squeeze the Germans and the peoples of occupied Europe for all possible manpower available. Goebbels has been made Goering's assistant.

British and American troops in Italy have fought their way to within a few miles of Florence, 140 miles northwest of Rome.

A slow-but sure advance is being made by British and Canadian infantry south of Caen on the Normandy front. One of the largest Allied air assaults on the Normandy front since D-Day was aimed at German positions on Tuesday.

King George VI is in Italy where he will visit the various battlefronts.

Eye strain and irritation is nature's warning that eyes are losing their efficiency. Impaired vision and even poor health may result from uncorrected eye deficiencies. TONS OF FOOD ARE GOING TO WASTE IN THIS DISTRICT UNLESS YOU ACT NOW!

Men of Newmarket! It's up to YOU!

There is not available at this moment one half the farm help required to save the abundant food crops ready for harvest on farms in this community. Yet these crops must be saved to feed our invading armed forces—to whom food is as vitally important as ammunition. They can't win if they don't eat.

The success of our invading armies depends more and more upon us at home. As our armies advance further into enemy-controlled territory more supplies must be kept flowing to them. And particularly more food. Liberated people—starved under Nazi domination—must be fed. Canada is the storehouse which must provide much of that food supply.

But Canada's stockpiles of food have been drained and have to be replenished. After a light crop last year from Ontario farms, this year's abundant crops are doubly important.

Unless every available man in this Community will give his spare hours—evenings, week-ends, half-days, holidays—thousands of bushels of grain will waste in the fields of this district—food that is vitally needed for Victory.

Don't Let Our Troops Down! Come on Newmarket!

★ **Council** You can lead, effectively, the weight of your official influence by appeals to your townsmen; by proclaiming a "Help the Farmer" holiday when the situation demands; by permitting municipalities vehicles to transport commodities to and from farms; by giving leadership in organization work.

★ **Employers** You can give vital assistance by releasing a shift, or your entire staff, for a day or more; by impressing the urgency of their going to the farms for the period of release.

★ **Merchants** You can organize to go in a body with your staffs on the weekly half-holiday, evenings and week-ends; or you could close your stores for an entire day once a week to assist during this critical period.

★ **Clergymen** You can improve the need on congregations; call organization meetings of your men and boys; assist service clubs and other bodies to organize enlistments.

★ **Mechanics** Also artisans, labourers, clerks, salesmen, students. You can provide the greatest service because you constitute the largest body of citizens. Assist in organization wherever you can, but particularly in plugging your spare hours to help on the farms.

★ **Service Clubs** You can add to your laurels of social service by enrolling members for this most constructive task; by forming committees to work in co-operation with command headquarters on many phases of the work.

RAVENSHOE MAN FINED FOR LEAVING ACCIDENT

Magistrate H. R. Polson sen-
tenced Harold Bate, 17, Holland
Landing, to three months less one
day in the Don Jail after finding
him guilty of a charge of receiving
stolen goods at Newmarket magis-
trate's court on Friday.
According to evidence heard in
court the previous week, the de-
fendant had in his possession a
bicycle belonging to Harold Blake,
Newmarket. A 13-year-old Holland
Landing youth testified that he and
Harold Bate had an arrangement
whereby he was to steal bicycles
and the latter to make alterations
and sell them.
"I've given your case considerable
thought," commented his wor-
ship. "I don't think that it would
help you any at your age to send
you to the reformatory. If any-
thing it would only make you
worse. You have been a bad boy.
I am showing you leniency, hoping
that when you get out you may
do something useful and keep out
of trouble."
Found guilty on a charge of
leaving the scene of an accident,
William Pickering, Ravenshoe, was
fined \$25 and costs. A second
charge that of careless driving,
was withdrawn with the consent of
Crown Attorney Archie Armstrong.
Questioned by the crown, Miss
B. E. Lyons, Newmarket, stated
that she was a passenger in a car
at the corner of Timothy and Main
Sts. July 8 when she became aware
of a woman getting to her feet
after being knocked down by the
fender of the accused's car. She
stated that on three occasions Mr.
Pickering was told by herself and
other pedestrians to stay at the
scene of the accident until the
police arrived. In spite of this he
continued to drive up Timothy St.
for a distance of 250 feet before
being stopped by the driver of the
car in which she was riding, she
said.
Cross-examined by the defence,
the witness stated that she was of
the opinion that Mr. Pickering was
attempting to drive away as "there
were at least 15 places where he
could have parked his car."
Chief Constable James Sloos, who
investigated the accident, said he
brought the defendant to the police
station where he questioned him.
"He said that he had stopped at
the intersection of Timothy and
Main Streets," stated the officer.
"He said that he saw three women
passing from north to south and
thought he could miss them. He
caught one woman with the bump-
er. He said that his reason for
not stopping was that there was no
place to park and that he would
hold up traffic. He had only a
temporary driver's permit and that
had expired."
In his defence Mr. Pickering told
his worship that he was holding up
traffic so continued to drive along
looking for a place to park his car.
He died he was trying to drive
away from the scene.
Counsel for the defence said that
he did not think that Mr. Pickering
intended to drive away from the
scene of the accident but that in
the excitement of the moment be-
came confused and thus failed to
park his car nearby.
"I appreciate your argument,
Mr. Evans," stated his worship.
"But this man was driving without
a license. He shouldn't be driving
at all. I don't think that he ever
has had a driving test. He drives
along and when something happens
he becomes panicky. I don't
think that he should have a per-
mit to drive and I shall notify the
department."
Three Toronto residents were
found guilty of illegal possession of
liquor and each fined \$10 and
costs. Whitechurch township con-
stable, Joseph R. Foote, said that
on July 9 he found Sam Sniderman
in his car at Wilcox Lake with a
partly consumed bottle of beer and
at another date he saw Walter Y.
Spain seated in his car, also with
a bottle of beer.
County Constable Aubrey Fleury
said that on July 9 he found Minnie
Konsmo standing at the rear of a
car with a number of other
people. Miss Konsmo admitted
ownership of the case of beer near-
by, he said.
Other cases heard by his wor-
ship were: Stewart W. Graham,
Toronto, fined \$20 and costs for
exceeding the speed limit on Yonge
St. Provincial Constable William
A. Melbourne laid the charge.
Fines of ten dollars and costs each
were imposed on Samuel Housner,
Markham, and Samuel Smoekum.
County Constable Ronald Watt test-
ified the brakes on the defendant's
cars and found them inefficient.
Eight motorists were each fined
one dollar and costs for entering
stop streets in Newmarket. They
were: William Scott, Harvey W.
Earker, Edward Buffett, Christo-
pher Ferriman and B. Oldstein, all
of Toronto; William E. Seaton,
R. R. 3, King, Howard Dennis,
R. R. 2, Aurora, and Jack Maddi-
son, Downsview, Ontario. In each
case the charge was laid by Con-
stable James A. Leeder, Newmar-
ket.
W. J. Hobson, Toronto, was fined
\$15 and costs for exceeding the
speed limit in Georgina township
and Joseph Cohen, Aurora, was
fined \$5 and costs for illegal park-
ing on Hedge Road. Charges in
these two cases were laid by Con-
stable George Foster.

IN MEMORIAM
Sunderman—In loving memory of our dear father, Thos. Sunderman, who passed away July 24, 1939.
If all the world were ours to give,
We'd give it, yes and more,
To ease the hand of father
And hear him speak once more.
If you have a father,
Treasure him with care,
For you never know his value,
Till you see him vacant chair.
Sadly missed by daughter, Martha, son-in-law, James, and grandson, George.

Sedore—In loving memory of our dear mother, Emma Sedore, who passed away July 31, 1943.
Off and off our thoughts do wander
To the grave not far away
Where we laid our dear mother
Just one year ago today.
Ever remembered by Edith and Peter Stevenson.

Whittaker—In loving remembrance of our dear daughter, Mary Elizabeth, who passed away July 23, 1936.
Her memory is as dear today
As in the hour she passed away.
Ever remembered by her mother, dad, sisters and brothers.

Rural Electrification
Radio Forum Topic

Newmarket east radio forum met with an attendance of 22 at the home of Mr. and Mrs. Bruce McNern, Pine Grove Farm, July 17, for their monthly meeting. Three groups were formed and the subject, rural electrification, discussed.

Conclusions reached were: The use of electricity is a time and labor saver and is cheaper than hand labor, although equipment is too expensive. It increases production, adds value to the farm property, lifts the morale of the people, gives the urge to repair as it discloses all dark corners. The forum believed the average farmer should be able to afford it now.

A school for a day or so on the subject was advanced as a post war reconstruction project. Demand for equipment, it was thought, would give employment, keep money in circulation, help make people healthier and happier on the farms.

About 60 enjoyed supper, swimming and games and later dancing at Riverdale park during the forum picnic at Keswick. Keswick members were heartily thanked for the enjoyable time.

SHORTAGE OF PIPE DELAYS SINKING OF SECOND WELL

30 York Rangers Bound For Two Weeks At Camp

Members of C Coy., 2nd battalion, Queen's York Rangers (reserve), will assemble at 6.15 a.m. at the Aurora armory on Sunday to leave for the annual two weeks training at Niagara-on-the-Lake.

For over 50 years the North York members have been making the trip with the county battalion, and this year, due to war work, the scarcity of farm labor and the steady stream of recruits to the active service forces, the company will take their smallest number since 1939.

It is expected that only about 30 of the boys will be able to go for the two weeks. Four or five others will join the rest for one week's training. In 1941 over 110 men went to camp, the next year C Coy. had 93, and last year 55 were on hand. Of those who went to camp in other years, around 75 percent are now on active service.

Capt. Tom Hopkins, company commander, and Lieut. Delroy Babcock, Larry Bell, Arnold Miller and Donald Wade will be in charge of C Coy. C.S.M. Jack Orr and Sgts. Harold Corbett, Aurora, George Shoults, Schomberg, and Sydney Lustie, Aurora, will head the N.C.O.'s. C.Q.M.S. Howard Bunn will leave for camp on Saturday and when the boys arrive everything will be ready for them.

The company will proceed to Toronto by bus and will fall in with the battalion at Fort York armory. They will march to the docks. This will mark the first year the unit has gone to camp under the new commanding officer, Lieut. Col. C. E. Reeve, E.D., although Col. Reeve has been making the trip for a good many years. That applies too to the veteran, R.S.M. Lewis Jowett, of Toronto.

Among well-known county and Toronto officials who will be at camp will be Lieut. William J. Stewart, speaker of the Ontario legislature, Lieut. Douglas Lucas, county solicitor, Lieut. W. W. Gardhouse, county treasurer, Major Earl Bales, ex-warden of York county, Lieut. Jack Allen, mayor of Weston, Lieut. Kenneth Thompson, deputy-revee of Weston, and Lieut. Timothy Eaton.

A splendid training program has been arranged for the Yorks and they will train this year with the latest equipment available to Canada's fighting forces. A full sports program has been arranged.

Inability to get the required pipe for sinking the new well on Yonge St. waterworks property, has temporarily held up driller Wesley Hoffman and his men from proceeding with the work. The pipe is expected shortly and the well will be sunk near the present well which has been varying in gallowance the past few years, with considerable wastage. So far this summer, Aurora has averted a water shortage, but there have been quite a few days when the consumption almost exceeded the supply. A prolonged hot spell or drought would task the present supply to the limit.

"We are urgently in need of an increased supply of water," Deputy-Reeve A. A. Cook declared. "Each year the amount of water needed seems to increase and we must seek further supplies of water. We are hopeful that the new well may answer the problem, but the water committee have other plans in mind before next summer to augment the supply further. On hot days we are running very close to the line."

Few people recall seeing the creek where the surplus water overflows at such a low level as this year. The water level is much lower than usual too where the main stream flows northward from the Collis Leather plant.

ANNOUNCE CLINIC DATE
The next blood donors' clinic for Aurora has been announced for Aug. 17. This will be the sixth clinic held here this year.

WOUNDED IN FRANCE

Beverley Barker, 3, Hit By Car, Seriously Hurt

FORMER AURORA REEVE HAS 83RD BIRTHDAY

Three-year-old Beverley Barker, daughter of Councillor and Mrs. William Barker, King township, is in a Toronto hospital in a serious condition with injuries received when she was struck by an automobile, driven by Norman Wade, R. R. 3, King, near her home last week. She was attended by Dr. Crawford Rose of Aurora.

She has a fractured skull, a broken right leg and internal injuries. County Constable Aubrey Fleury of Aurora, who investigated the accident, said the child had run out from behind a parked truck and the driver had little chance to avoid the accident.

Thomas Legge, Newmarket, is celebrating his 83rd birthday today. Mr. Legge holds the unique honor of having been both reeve of King township and reeve of Aurora and also of sitting in county council with his son, Councillor E. M. Legge, ex-warden of York, as a member from another municipality.

Mr. Legge, who resided in Aurora until a few years ago, is busy in the insurance business and drives his own car throughout the district.

KILLED IN ACTION

The death of Rfmn. George Rothwell, Newtonbrook, has been announced from overseas. Rfmn. Rothwell was stationed at the Aurora Ordnance Depot for over a year and was well known locally. He arrived overseas last April. Surviving are his wife and his parents, who reside at Newtonbrook. He was educated at Earl Haig high school and Northern Vocational and was prominent in athletics.

Aurora Flier Is With Famous Ghost Squadron

Pilot Officer Anson Gilbert of Aurora was mentioned in overseas news this week as a member of the famous Ghost squadron of the R.C.A.F., which heavily raided German battle lines in Normandy and also raided Stuttgart.

P.O. Gilbert reported five enemy fighter attacks on the trip. The young Aurora pilot recently won his commission on operational flights. He is the son of Major and Mrs. B. D. Gilbert of Aurora. He enlisted in 1942.

P. Thompson, district recruiting officer. Any information desired may be received from Mr. Duffield.

INTRIGUING... the story of
"ANNA AND THE KING OF
SIAM," by Margaret Landon (Landon
means Green), in which is told how
Welsh Anna Landon was accepted to
position of governess to the sons
children of the King of Siam eight
four years ago, and how Anna sub-
sequently found herself teacher of the
members of the King's household.
The book arouses interesting speculation
as to whether the civilized doctrine
of a little British school teacher could
have materialized, half a century later,
in the final abolition of the serf
system in Siam. ANNA AND THE
KING OF SIAM is a Literary Guild
choice.

HOT LUNCHES FOR AMERICAN
school children have proved so
successful that a Federal subsidy
for their provision in the future
has become a possibility.
The elementary school lunches in New
York as well as those in other
parochial schools and day nurseries
are prepared in a central kitchen at
40-44 Twenty-fourth Street, Long
Island City. Here is a typical
standard menu as specified by the
Department of Agriculture. Scram-
bled macaroni, a vegetable, a hard-
boiled egg, another slice of
whole wheat bread, an orange or
apple and milk. Another day's rep-
resentative menu may take the place of
the macaroni and a canned fruit
served instead of fresh fruit. High
schools receive the standard Fed-
eral menu in their own cafeteria
and lunch in three own cafeteria
kitchen. "We have received," a
school head reports, "that
school lunches mean less fatigue
and better emotional balance. I
believe that this school lunch pro-
gramme is the best investment
America has made in the last decade
especially in our rural schools."

TIME SAVING AND FUEL
SAVING... the trick of using
Javex to sterilize fruit jars for pre-
serving. A little Javex in water makes
the perfect sterile bath for your fruit
jars, which must then be dipped into
a container of water which has been
boiled. "Why didn't some one tell
me this before?" housewives want to
know, having spent hours in wear-
ing out over the boiling of fruit
jars. Javex sterilizes bottles, bottles,
equally efficiently, and when rinsed
in a milk bottle a drop or two of Javex
in the water will remove that stubborn
cream ring without hot water. Javex
is a concentrate.

Looking Behind The Book Titles

(With Greenleaf Harrington)
PLOWMAN'S FOLLY, by
EDWARD H. FAULKNER, Time
Magazine calls this book "one of
the most revolutionary ideas in
agricultural history." Whether you
like it or not, Mr. Faulkner's book
is being read widely by a vast
American public, outdistancing every
other book on farming ever pub-
lished. Louis Brandeis in the
Reader's Digest remarks that "prob-
ably no book on an agricultural
subject has ever aroused so much
discussion in this country." In a
hundred and fifty-five pages of
terse and at times impassioned
argument Faulkner discredits the
use of that most fundamental of
all agricultural implements, the com-
mon or moldboard plow.
"Briefly," Faulkner states at the
outset, "this book sets out to show
that the moldboard plow which is in
use on farms throughout the civilized
world is the most satisfactory imple-
ment for the production of crops...
if a way had been found to...
into the surface of the soil everything
that the farmer now plows under it
... crops would have been so auto-
matic, so spontaneous, that there
might not have developed what we
now know as agricultural science."
Had we not originally gone contrary
to Nature by plowing the land, we
would have avoided the problem as
well as the expense and time-consum-
ing efforts to solve these problems.
... One of the persistent puzzles
Egyptian who tills his land with
the ancient crooked stick can produce
more per acre than his British neigh-
bor. ... Even the crops growing
in the fence rows seem to thrive
through drought.
"His crops are the wonder of
his neighbors and the despair of
the conventional farmer," Associated
Press. Time Magazine sum-
marizes: "The hottest farming argu-
ment since the tractor first chal-
lenged the horse was started
by Farmer Edward Faulkner's at-
tack on the moldboard plow.
PLOWMAN'S FOLLY. Last week
returns of the great debate began
to come in. They were very
favorable to Faulkner. A careful
study of plowing vs. other tillage
methods was made on 100
experimental farms by U.S.
State soil experts. The new methods
were disc harrowing (advocated by
Faulkner), tilling and subsoiling
all of which involve the soil with-
out turning it over. The object
is to leave on the surface a stable
hard, both to check erosion and
provide desirable organic matter as
fertilizer. In the four tests these
methods produced more soybean
crops... seven one-third to one-
half the man and machine power
required by plowing, reduced soil
erosion from 10 tons per acre to
10, seemed to keep down weeds
better." The book, first published
by the University of Oklahoma
Press, may now be had through
Ginn and Company, New York,
and some Canadian retail stores.

STAR IN "COWBOY CANTEEN"

"Shoulder arms" Guzlin (Big Boy) Williams and Vera Vague (left) find romance in each other's arms, while blonde Jane Frazer snuggles with the broad shoulders of husky Charles Starrett (right) in a way that seems to spell mutual happiness for both. This double-barrelled love story is told in the routine, "Cowboy Canteen," which plays Friday and Saturday at the Strand theatre, Newmarket.

DOWN THE CENTRE

For whom the bells toll: Word has been received by his bride of a year of the death of George Bothwell in Normandy. George, a native of Newmarket, enlisted with Ordnance in 1942 and was at Aurora where he played soccer and softball in 1943 for the Ordnance Depot, until last fall, when he was transferred to the Regina Rifles, proceeding overseas in April of this year. A quiet fellow with an engaging smile, George was very popular at the local plant and with the sports fans. He had previously appeared in Aurora as a member of that good North York A.C. hockey team which went undefeated in the T.H.L. senior series for some years. George Scott, Gordy Fanning and other ex-Aurora juniors from the Willowsdale area, were all teammates of the deceased lad. He is survived by his wife and parents.

Sgt. Frank Devine of Beaverton is another athlete who will not be seen in action again, having met his death in a motor accident in Italy. Frank, son of Dr. Devine, warden of Ontario County, played junior hockey for his native village and was especially well known in the St. John's area. He was a member of the Dental Corps and went overseas in 1941. A fellow victim in the same accident was Sgt. J. N. Bagg of Beaverton, another fine athlete and a member of a well-known North York family from the Woodbridge district.

From Orangeville comes word of the loss of Mel Wood who played hockey for Orangeville, Shelburne and Barrie juniors, known widely in O.H.A. and rural hockey circles. He was a warrant officer with the R.C.A.F. and died at the age of 19 in a plane crash in Labrador.

Some weeks ago it was with a heavy heart we heard of the death of Aurora's Billy Heath, one of Ontario's most promising young cyclists, who was killed in the early stages of the invasion while a member of a special task force. Billy also played hockey and softball in the Aurora town league. Missing and as yet unheard from are two more Aurora athletes: Bill Muford, for several years a member of the Aurora York-Simcoe softball club as a pitcher and outfielder and the possessor of one of the best throwing arms we remember, and Sgt. Bill Simmons, a heavyweight boxer who came from the Timmins district and won honors in the army ring both in Canada and overseas. All sports fans are hoping for the best and that good news will be heard of them soon.

MRS. J. HARVIE HAS 80TH BIRTHDAY PARTY

A pleasant event took place at the home of Mr. and Mrs. F. Billings on July 16 on the occasion of the 80th birthday of Mrs. J. Harvie, mother of Mrs. Billings. She received many gifts and good wishes.

Mrs. J. Harvie and Mrs. V. Dunne, Alliston, are spending a few days at Mr. and Mrs. F. Billings.

Mr. and Mrs. J. Little spent Sunday at Stouffville with Mr. and Mrs. R. Johnson and attended Baker Hill Baptist church. Miss Joyce Johnson returned with them.

Mrs. Marguerite Lunas, Toronto, spent the weekend with her parents, Mr. and Mrs. W. Iredale.

Bruce Black of the R.C.A.F., Winnipeg, Man., is spending two weeks furlough at his home here.

AC2 Ralph McWhirter of the R.C.A.F., Winnipeg, Man., was a Sunday guest of Bruce Black. Mr. and Mrs. Ross Marchant and family were Sunday guests of Mr. and Mrs. Norman Green-sides.

Mr. and Mrs. A. McEldon, Toronto, were Saturday guests of Mr. and Mrs. Iredale.

Miss Florence Sykes, Toronto, spent ten days with Mr. and Mrs. Harry Stevenson.

Mr. and Mrs. Wm. Wilson are spending a few days with their son, Mr. Carman Wilson, and Mrs. Wilson, Downsview. Mrs. Proctor and Mrs. Thompson, Toronto, are spending a few days with their brothers, Messrs. Jack and Robt. Archibald.

Mr. and Mrs. W. Clarkson and Enid of Teston were Sunday guests of Mr. and Mrs. Frank Curtis.

Miss Margaret Blackburn, Toronto, spent a week's holiday at her home.

Mr. and Mrs. Harry Webster, Wilbert Walker, Frances and Grace motored to Bellfountain on Sunday.

Mr. Clarence Black, Toronto, spent the weekend at his home. Miss Sara Barradell spent a few days last week with her cousin, Miss Betty Webster.

Mr. and Mrs. T. Blatchford of Cambray and Mr. and Mrs. F. Sluggitt were weekend guests of Mr. and Mrs. E. Blatchford.

Mr. and Mrs. Bitzer of Kitchener and Mr. and Mrs. Redford from Vellore were Sunday guests of Mr. and Mrs. Anson McClusky.

Sharon

Rev. and Mrs. D.B. Rogers, of the G.B.R.E., Toronto, visited Mrs. Austin Haines and Messrs. William and Chauncey Doan on Sunday.

to stick with the kids and around the circuit is generally recognized as one of the best arbiters. Nothing can mar sport more than poor officials. Hodgson of Markham and Charlie VanZant of Newmarket are others who have been commented on favorably by the fans and players.

Lieut. Jack Barrow of the Newmarket camp softballers has been posted back to Camp Borden and right now is looking after No. 1 C.A.C.T.R. team which is on close terms with Newmarket. Mr. Barrow intends to finish the season with the Redmen however, playing the games at Borden of which Newmarket have two left.

Jimmy Green, one of the Newmarket pitchers, is another Borden arrival, and the Windsor boy will be seen on the mound with No. 1 Billy Neale, former hurler for Toronto Arlingtons, is doing a nice pitching chore for No. 1 despite a sore hand, and teamed with Green, gives his team a fine chance for higher honors. Lieut. Joe Fennell, who played defence for No. 2 Rams last winter and before that was with Barrie Colts juniors, is now posted to No. 23 B.T.C. and has turned out for softball. If available next winter Mr. Fennell would be the answer to a partner on defence for Jack Wheeler as he is one of the best in the business.

Lieut. Bob Bangay is of course at Newmarket but may not be there too long. Bob likewise has played softball briefly. If the boys from No. 23 could hang on to this duo along with the holdovers from last winter they would have a strong team. Bill Holloway, one of the moving spirits of the kid hardball league and a keen student of the game, has been looking the boys over all season since he came to be with a very fine choice of all-star players, or in other words, a team he would like to be coaching.

He regards Mac Clement of Richmond Hill as the ace catcher of the circuit. Clement, whose father was a well-known soccer star in his day, is an all-round athlete and has a good throwing arm. He also has a high regard for Summerfeldt of Markham. The latter, he says, are about on a par. Green, however, he says, is a natural for the pitching berth, but he likes Bill Hopper of Newmarket and also Mickey Lagozier of Aurora. The latter incidentally is a rarity among hurlers, being one of the heaviest hitters in the whole circuit.

Bill McGhie of Aurora is his first choice at the initial sack, closely followed by Norman Stum-den of Richmond Hill. McGhie, a southpaw, plays his position well and has hit timely if not hard. Stumden is the sensational young net minder of last year's Richmond Hill junior team. Grant Hight of Newmarket stands out ahead of the second sackers. He is a smooth fielder, a fair hitter and for a kid has a fair amount of baseball grey matter.

Red Palmer of Newmarket he regards as the best third baseman with Eric Smith of Aurora close behind. By a curious coincidence, (Page 7, Col. 3)

Belhaven

There will be no August meeting of the Belhaven Women's Institute, owing to the busy season. There will be the regular meeting in September in the hall.

Mr. and Mrs. Wendell Cunningham, Mrs. Murray Boyd and little Johnnie and Mrs. E. Cunningham, all of Toronto, called on Mr. and Mrs. Wm. Winch last week.

Charles Pollard is in a Toronto hospital.

Kettleby

Kettleby, July 20—Mr. and Mrs. John Little and daughter, Gwendolyn, were Sunday guests of Mr. and Mrs. Robt. Johnson, Stouffville. Miss Joyce Johnson returned with them for a week's holiday.

Misses Margaret and Harriet McCluer, Toronto, Mr. Louis McPherson, Toronto, and Mr. John Barradell were Sunday guests of Misses Frances and Grace Webster.

Mr. and Mrs. S. Heacock were Sunday guests of Mr. and Mrs. L. Wilson, Dunkerton.

Mr. and Mrs. A. Storey, Snowball, were Sunday guests of Mr. and Mrs. J. Lepard.

Mr. and Mrs. Burton of Toronto are visiting at the home of Rev. and Mrs. W. J. Burton.

Miss Mae McClusky and Miss Lorna Lepard, Toronto, spent the weekend at their homes here.

Mr. and Mrs. F. Coffee and Mr. W. Scott, Penville, were Sunday guests of Mr. and Mrs. Harry Stevenson.

Mr. and Mrs. J. Woods, Weston, Mr. and Mrs. John Belle, Kleinburg, Mr. and Mrs. L. Weddell and family of Queensville, Mr. and Mrs. J. Archibald and Marion of Kettleby were Sunday guests of Mr. and Mrs. F. Curtis.

Rev. and Mrs. H. Strapp and son, Keith, Bervie, Ont., are spending a few days with Mr. and Mrs. F. Curtis.

Mr. and Mrs. Stanley Barradell and Sara and Mr. and Mrs. Harry Webster spent Sunday with Mr. and Mrs. Merrill Johnson, Brampton.

Mrs. J. Sloss, Mr. and Mrs. Arnold Hurst and Marilyn, Mr. and Mrs. Wm. Foster and Irene of Aurora were Sunday guests of Mr. and Mrs. F. Schmidts and family.

SCHOLAR WINS PRIZE

The winner of the T. R. Ferguson prize, offered this year on the high school entrance for Ontario North, is Edwin Cleland of Zephyr public school. Nearly 200 pupils competed, and four handed in papers valued at more than 90 percent.

Edwin is only twelve years of age, and brings credit not only to himself but to his teacher, Julius Rynard, who has taught school at Zephyr for 36 years.

DOWN THE CENTRE

(Continued from Page 6)

Eight, Palmateer and Smith, like
Stunden, all play goal in hockey,
so they should be able to do some
high class ball stopping. It would
be easy to form a good infield en-
tirely of goals. Walter Semank
of Aurora, since departed, was
about the best shortstop opened
Holloway, and he was a dangerous
hitter too.

Don Little of Richmond Hill is
another high class prospect who has
done very well this year. Speedy
Johnson of Newmarket is reputed
to be the best outfielder in the
group and he can catch behind the
plate too. He is a dangerous hitter
and a sure catcher. Tom Fogley,
who does most of the pitching for
Markham, has been a consistently
good hitter and on the occasions
he has performed in the outer past-
ures, has stood out from the rest.
Gar Doolittle, very fast on his
feet and with a good arm, gives
Aurora a place in this mythical all-
star selection. Tommy McHale of
Newmarket, who comes from a
family steeped in baseball ability,
is another mentioned, as are Norm
Rank, Aurora, Billy Neal of Rich-
mond Hill and Neil Stiver of Mark-
ham. Our thanks to Bill Holloway
for a job well done and a real word
picture of the kid baseball which
is bringing back memories of
other days in North York. We will
be pleased to publish other choices
if we get them. Don't hesitate,
mail them to this column.

George Rummy of Victoria
Square, who is playing for the
Richmond Hill team and also
played hockey last winter for
Charlie Rowntree, won honors in
another field recently. George is a
farm boy and attends high school.
He was at the Agricultural show
at Lacute, Que., and took first
prize in the junior farmers' cattle-
judging contest.

Gordon DeLatt, sensational young
Dutch-Canadian, literally astound-
ed the golfing world as he went to
the finals in the Millar trophy.
The 25-year-old amateur player
knocked off some of the finest
golfers in Canada on his path to
the finals, including Bob Burns,
Weston, Jules Hunt, Quebec; Jack
Littler, Kingston, and Lex Robson,
Peterborough, a tough quartet for
the best of professionals anywhere
to take. He lost out to Bill Kerr
of Toronto in the final round after
putting up a game fight.

DeLatt was a standout at golf
for the University of Toronto, but
that was not his only sport. Gordy
is quite a hockey player and two
years ago was a member of the
Aurora Ordnance intermediate
hockey team which won the O.H.A.
honors. He also plays a lot of
mercantile hockey and has teamed
up more than once with Joint Mc-
Comb for sensational scoring plays.
With the possible exception of
Sandy Sommerville it is doubtful
if any Canadian amateur golfer has
ever done as well. DeLatt is
honourably discharged from the
Canadian army.

There are quite a few hockey
players who are adept on the links.
Sandy Sommerville and Don Car-
rick, both titleholders, were really
good puckchasers, and Bill Eznicki
of Oshawa juniors is one of the best
amateurs in Canada. Mush March
of Chicago Black Hawks and Nor-
man Himez, ex-New York Ameri-
cans are two examples of profes-
sional hockeyists making a living as
golf pros. Locally, Herb Cain,
Larry Molyneux and Whitey Jones
indicate you can play both well.

Bill Cross, who was one of the
leading players at Aurora two
years ago, club champion if we re-
call, played in the recent Ontario
open tournament and made a fair-
ly good showing. Ted Teys, for-
mer southpaw golfer at the local
club, was another who was in the
open play.

The soccer team played Mimico
Beach at home and again were
nipped by the score of 1-nil. Pretty
grim! Eh Bob? These one goal
losses certainly keep the team on
edge. They are looking forward to
a win in the near future, but
furloughs and the manpower turn-
over in the camp take their toll.
Seldom does the team send out
more than five or six regular
players. Tpr. Harrison made some
good stops before they drew him
out and tucked in one from behind.
Sgt. Howison is getting settled at
back and we are expecting some
fine results. The "Flicker" turned
in a stirring performance, running
the line until relieved half-way
through the second half.

In the kitchen, five bushels of
green beans from the garden were
being topped and tailed. And it
looks as though the garden is but
coming into production. Every
day fruits from Cpl. Bunn's garden
enrich the meals of the camp.

Two fine shows came to the
camp this last week. The editor
has been told by several how good
they were and what a loss it was
to have missed them. On Tuesday
Lawrence Defoe brought his revue
and scored another success with
his troupe of lovely ladies whose
costumes lent enchantment to their
singing.

A feature of this show was the
playing of Craig Hamilton who, on
short notice and without practice,
played so well. His solo number
on the camp's new grand piano was
the hit of the evening and his songs
went over "big." As always, Law-
rence Defoe held the audience with
his fine songs and from Capt. Pat-
ton we have the following authen-
tic story: "So enthusiastic was the
audience's desire for more songs
from Mr. Defoe that one person in
the front row was heard to say,
'Encore? Encore? Encore be
blowed. Let the same fellow sing
again.'"

Something special in shows was
given at the camp on Thursday
night. The Camp Borden all army
show presented. Everything was
all over the camp they have been
talking about what a fine show
this was. One said it looked as
though they had a cast of 50, they
did so much and the changes were
so quick and every item followed
on so smoothly. There is no doubt
that Cpl. Sidney Tapley is to be
congratulated on his fine produc-
tion. It is surprising to know that
including the orchestra he had only
26 men altogether.

It was a clean, fast-moving show,
equal to the best of the army
shows. And the beauty of this
show was that it is a true army
show. Every one was a soldier.
The costumes call for special men-
tion in that they were fine indeed.
We want you back soon.
No. 23 did not do so well this
last week in hardball. Playing at
Viaduct park in Toronto they lost
two games to the "Tip Top" team.
The first game ended in a score
of 17-6. Errors were costly.

The second game score was 13-4.
In this game Sgt. Comrie pitched
good ball for five innings and gave
way to Koepeke, who pitched two
innings. The last two innings were
pitched by Rudderham, who fin-
ished the game in great style. We
are looking forward to more suc-
cess in the near future when some
reinforcements come our way.

Newmarket entertained No. 1
C.A.C.T.R. from Camp Borden in
a softball game on Tuesday and
Newmarket came off with a win.
The score was 9-5 in favor of the
home team. The Redmen, after a
series of tough breaks, finally have
organized a smart, snappy ball
team. With the playing of the
other night they should reach the
finals. Exelby, Gantner and Fen-
nell starred, but everyone played
his part. The team was
as follows: Paisley as, Exelby c,
Gantner 2b, Callanan cf, Avison rf.

SPORTS...

FROM
WHERE WE SIT
By DEL. GIBNEY

The softball game Friday evening between Office Specialty and the town girls had everything expected in the feminine sport.

The game was checked full of good fielding and heavy hitting with the town girls taking advantage of all and coming to the fore with another win on their shoulders.

The score was 20-5 and not until the last two innings was the game decided when the more experienced girls found their stride and accounted for 15 runs.

On Aug. 16, at the Newmarket Lions club carnival, when an all-Aurora team from town met Aurora Ordinance girls, that team will have an entirely new and longer lineup and a real game is assured.

Moss Doane, who back in 1939 made good at the feminine sport, is now playing with York Brass in the city league. This team is the farm team to the Sunday Morning class. Moss, we understand, was leading in batting average in the league but seems to be slipping in the last few games, allowing a teammate, Margaret Schram, to squeak in ahead.

The annual challenge match in golf between the Aurora Golf club and the Wilcox Lake club resulted in B. Boake, Dr. Williams and Herman Gilroy taking the course 78, 79 and 80 respectively and coming out on top for the first match.

Starr on July 18, with a good attendance. Mrs. Starr gave a splendid talk on citizenship. Mrs. Chas. Greenwood gave current events. Mrs. G. Hunt conducted a vegetable and flower contest. The August meeting will be held at the home of Mrs. C. Flintoff, Newmarket.
